P2035 Out of Paper problem when not the case 05-01-2014 09:11 AM. I just received a new Thinkpad with Win8. I have an HP P2035 laserjet that worked fine before getting the new laptop. I downloaded the firmware and drivers and the printer is connected. When I go to print, I get a message saying the printer is out of paper when clearly it isn't.

I have a few clients that use the P2035N and P2055N. I'm looking to find out the end-of-support for these printers. It looks like the last driver was issued for the P2035 and P2055 in 2015 and 2018, respectively. Is there any specific place to find out how long the products are planned to be support...

The self test/device configuration page on a Laserjet P2035 is broken down into sections that describe the printer and its status. Some of these sections include Product Information, Page Counts, Status Log, and Print Settings. To print the self test/device configuration page from a P2035, hold down the Go button (the one with the green icon on it) for about five seconds or so, then release it.
