The sound quality of this Insignia sound bar was very good. I was using it on my main tv. Then, I realized it was powering off after a few minutes when there was no sound signal going through it. I had to power it back on each time I came back to watch tv. I switched it to a computer monitor where the power off was not an issue. It works fine.

Samsung, the South Korean electronics giant, makes a vast array of high-end electronic products, from smartphones to smart TVs. Televisions are one of the most important product lines for Samsung.

Samsung TV No Sound—What to Do?

Now my sound is lagging the video when using the HDMI ARC connection. After a bunch more time spent on the internet I have ended up with my cable box into HDMI port on the soundbar and then using the ARC connection to the tv. Fixed sound but now my PS4 and Apple tv are left out so I purchased an Insignia NS-HZ335 3 in 1 out HDMI switch.
