Gravity (from Latin *gravitas* 'weight'), or gravitation, is a natural phenomenon by which all things with mass or energy—including planets, stars, galaxies, and even light—are attracted to (or gravitate toward) one another. On Earth, gravity gives weight to physical objects, and the Moon's gravity causes the tides of the oceans. The gravitational attraction of the original gaseous matter ...

In order to manage Azure AD, we use Azure Active Directory option in <https://portal.azure.com>. By default, any user under Azure AD can access this option event they do not have a Directory role. In my demo setup, I have a user called "Emily Braun". She doesn't have any Directory role assigned. Then I log in [...]

Step-by-Step Guide to Restrict Azure AD Administration ...

In information societies, operations, decisions and choices previously left to humans are increasingly delegated to algorithms, which may advise, if not decide, about how data should be interpreted and what actions should be taken as a result. 1 Examples abound. Profiling and classification algorithms determine how individuals and groups are shaped and managed (Florida, 2012).

The ethics of algorithms: Mapping the debate - Brent ...

I am maintaining this blog for last 7 years. This includes more than 400 articles already. These are mainly about Microsoft Active Directory Service and Azure Active Directory Service. I also blog about different Azure services. If you need further help on subject matters, feel free to contact me on rebeladm@live.com.

Step-by-Step Guide: How to enable MFA for Azure admins ...

The dingo (*Canis familiaris*, *Canis familiaris* dingo, *Canis dingo*, or *Canis lupus dingo*) is an ancient lineage of dog found in Australia. Its taxonomic classification is debated; as indicated by the variety of scientific names presently applied in different publications, it is variously considered a form of domestic dog not warranting recognition as a subspecies; a subspecies of dog or wolf; or ...
