Guideline for Registration of Medical Devices

Hi, I'm researching the medical device regulations for the Republic of Georgia and am having a hard time finding anything too specific. I found a document from 2011 called "Overview and Legal Analysis of Healthcare Legislation" (attached) which talks about medical device registration requirements, but it states that there is no current (as of 2011) supervision or control of medical devices ...

Republic Of Georgia Medical Device Regulations for IVD

Medical Devices. Medical devices are products that have a medical purpose and are intended by the manufacturer for use in humans. In contrast to medicinal products that act pharmacologically, immunologically, or metabolically, the main intended purpose of medical devices is primarily achieved by physical means.
