Journalism, like any profession, has its own language and specialist words which practitioners need to know. The following glossary contains more than 700 definitions of terms about journalism and the media - including new media - making it probably the biggest, most extensive journalism and media glossary available free online.. Spelling and punctuation of terms occasionally vary.

The News Manual - Glossary

The remotes work well. When all the devices that are supposed to turn on with a single button fail to turn on, you can press the "help" button, and will then be prompted through questions like, "Did that solve the problem?" and "Is the Sony television on?", etc. until all the correct components are on. That works quite well.
