Finances in Germany - Expat Guide to Germany | Expatica

Growth in this model is driven by technological change that arises from intentional investment decisions made by profit-maximizing agents. The distinguishing feature of the technology as an input is that it is neither a conventional good nor a public good; it is a nonrival, partially excludable good. Because of the nonconvexity introduced by a nonrival good, price-taking competition cannot be ...

Then, in orange, "Buy today in-store for the complete doorbuster ads package." In tinier print, the promise that home subscribers would be spared the burden of stuffing the cumbersome thing into the paper recycling bin until tomorrow. But under the masthead, that we'd be getting lot of puzzles today to compensate for the loss. I know.
