The Power Of Servantleadership PDF

One of the key tenets of Servant Leadership is sharing of power of decision-making. Instead of you taking decisions on what is best for the team, consider ways to empower the team to take decisions. This is a tall ask for people who have been traditionally hard-wired to roll up their sleeves and 'solve' the problem.

The Power of Shared Decision-Making through Servant-Leadership

Specifically, servant leadership and toxic leadership are powerful forms of leadership. These two types of leadership amplify something we too often miss when discussing leadership: the influence on the followers. A key component of servant leadership is the growth of followers. Meaning, servant leaders are supposed to help followers grow.
