User's manual - VTech Phones USA

First, set up the answering machine that came with your VTech phone. Then, press the 'Answer On/Off' button at the bottom of the main phone. Then, press the 'Setup' button and use the up/down arrows to navigate to set the number of rings before the answering machine receives the call.

How to Set Voicemail on VTech Phones? - Tech Facts

I have the Vtech LS6405. The instructions (#331734#) in my case were correct with exception that left soft key was actually the right soft key which was the talk button. Once done, beeped, worked like a charm, registered and now charging. Thank you very much as I was at the point of returning the phone. Thanks again

SOLVED: Why does handset read Out of Range or No Power at ...

Simply turn off the Built-in answering system at any time, and you can use the Voicemail service only. Use both the Built-in answering system and the Voicemail service to record messages By default, the Voicemail service is usually set to answer after 2 rings, while your Built-in answering system is set after 3 rings.
