In these hundred years, what began as the art of decorating, embracing form and function, has evolved by leaps and bounds into today's world of highly specialized areas of interior design that require years of study and experience.

History of Interior Design — IDLNY

IDEO is often credited with inventing the term "design thinking" and its practice. In fact, design thinking has deep roots in a global conversation that has been unfolding for decades. At IDEO, we've been practicing human-centered design since our beginning in 1978, and took up the phrase "design thinking" to describe the elements of the practice we found most learnable and teachable—empathy, optimism, iteration, creative confidence, experimentation, and an embrace of ambiguity ...

History | IDEO | Design Thinking

Graphic design has been practiced in various forms throughout history; indeed, strong examples of graphic design date back to manuscripts in ancient China, Egypt, and Greece. As printing and book production developed in the 15th century, advances in graphic design developed alongside it over subsequent centuries, with compositors or typesetters often designing pages as they set the type.

Graphic design | art | Britannica

The History of Symbols : Symbol Primer - Design History

People have always been drawn to expressing themselves through design. Think of the Chauvet Cave drawings done in 30,000 B.C. or the Book of the Dead's illustrations of gods and their rituals. But the term "graphic design" wasn't used until 1922, and widespread adoption of the phrase didn't find its way into popular lexicon until after World War II.
