Most E36 and E46 cars run fine on the recommended 5W30-even with all but the most dramatic aftermarket mods. The need for 10W60 motor oil in the M-cars is questionable to many (including Red Line, as we've seen customers run as light as 5W30 in E46 M3s without issue), but we now offer this product for sale in North America (we have sold this product in Asia for many years).
