Nikon Microscopes Models Review: Optiphot, Labophot Eclipse 50i and E100. From the time the first Nikon compound monocular microscopes were produced in 1917, Nikon microscopes continued to evolve over the next seven decades; in the late 1970s and early 1980s, they introduced the Optiphot and Labophot models. Many labs and schools still choose to use these older, durable models.
