My son has a 2008 Mitsubishi Lancer with ABS brakes that failed. He got a replacement at the wreckers and had them installed and they work fine, but the ABS dash light still stays on. He took it to the dealer at Capalaba and they told him they could fix it while he was there for \$25, but when he came back they said it didn't work. They then did another job for \$25, which had the same result.
