extinction events, and compares them to the accelerated, widespread extinctions during our present time.

The Sixth Extinction: An Unnatural History - Wikipedia

Toco toucans also use their beaks to pluck and peel fruit, their main source of food. In addition, the beak houses a flat tongue of the same length, which helps the toucan catch insects, frogs, and reptiles. Toco toucans also occasionally eat the eggs of other birds. Although they spend a lot of time in trees, they are not very good at flying.
